Additionally, I certify that the entity or entities listed on this form have not received anything of value or a promise of anything of value, other than services and equipment bought by means of this form, from the service provider, or any representative or agent thereof or any consultant in connection with this request for services.

I acknowledge that support under this support mechanism is conditional upon the schools and/or libraries' implement securing, storing, separately or through this program, to all of the resources, including computers, existing software, internal connections, networks, and electrical capacity necessary to use the services purchased efficiently. I recognize that some of the aforementioned resources are not eligible for support. I certify that I have considered what financial resources should be available to cover these costs. I certify that I am authorized to procure eligible services for the eligible entities, I certify that I am authorized to submit this request on behalf of the eligible entity/ies listed on this form, that I have reviewed this request, and to the best of my knowledge, information, and belief, all statements of fact contained herein are true.

NOTICE

In accordance with Section 54.303 of the Federal Communications Commission's ("Commission's") rules, certain schools and libraries ordering services that are eligible for and seeking universal service discounts must file this Designation of Services Requested and Certification Form (FCC Form 470) with the Universal Service Administrator, 47 C.F.R. § 14.103. The collection of information stems from the Commission's authority under Section 224 of the Communications Act of 1934, as amended 47 U.S.C. § 224. The data in the report will be used to ensure that schools and libraries comply with the competitive bidding requirements contained in 47 C.F.R. § 14.103. Schools and libraries must file this form themselves or as part of a consortium.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information requested in this form. We will use the information you provide to determine whether you have complied with the competitive bidding requirements applicable to requests for universal service discounts. If we believe there may be a violation or a potential violation of any applicable statute, regulation, rule or order, the information you provide in this form may be referred to the Federal, State, or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information you provide in this form may be disclosed to the Department of Justice or a court or adjudicative body when (1) the FCC, or its any employee of the FCC, or (2) the United States Government is a party of a proceeding before the body or has an interest in the proceeding. In addition, information provided in or submitted with this form, or in response to subsequent inquiries, may also be subject to disclosure consistent with the Communications Act of 1934, FCC regulations, the Freedom of Information Act, 5 U.S.C. § 552, or other applicable law.

If you owe a past due debt to the federal government, the information you provide in this form may also be disclosed to the Department of the Treasury Financial Management Service, other Federal agencies and/or your employer to offset your salary, IRS tax refund or other payments to collect that debt. The FCC may also provide the information to these agencies through the matching of computer records when authorized.

If you do not provide the information we request on the form, the FCC or Universal Service Administrator may return your form without action or deny a related request for universal service discounts.

The Reporting Notice is required by the Paperwork Reduction Act of 1995, Pub. L. No. 104-13, 44 U.S.C. § 3501, et seq.

Public reporting burden for this collection of information is estimated to average 3.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, completing, and reviewing the collection of information, sending comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the reporting burden to the Federal Communications Commission, Performance Evaluation and Records Management, Washington, DC 20544.
