Appendix - Definitions for Data Library Facilities Report, FY2005 (July 1, 2004 - June 30, 2005)

Column Heading	Definition
2004 Population	For libraries in municipalities with one independent public library this is the population of the municipality from the 2004 population estimate for the municipality in which the library is located. For multiple independent public libraries in the following municipalities, this is a percentage of the municipality's 2004 population estimate (these percentages may add up to more than 100% of the municipality's total population, due to overlapping populations served): Acton, Barnstable, Chatham, Dennis, Falmouth, Hardwick, Harwich, Natick, Northampton, Northfield, Shelburne, South Hadley, Warren. For the Hamilton-Wenham Public Library, a joint library, this is the total of the 2004 population estimate for Hamilton and Wenham.
Book Drops: Internal	Includes book drops that are part of a circulation desk.
Book Drops: External	Includes book drops that are either free-standing or external slots into the foyer or building.
Built in	Year in which the original portion of the current main library building was constructed.
Date Opened	Date that the branch opened for public use.
Dedicated Parking Spaces	The number of parking spaces, on the street designated with signs indicating for "library patrons only" and/or spaces in a parking lot designed solely for the library, and/or a proportion of spaces in a parking lot shared with another enterprise; excludes staff parking spaces and street parking not expressly signed as for the library.
Gross Square Feet	Estimate of the square feet of the floor area under the main or branch library's roof including support spaces such as elevator shafts, entryways, mechanical rooms, rest rooms, stairwells etc.
Library	Name of the municipality. The shortened library name follows when there is more than one independent library in the community.
Last Renovated in	Year in which the current main library building was most recently renovated.
Meeting Rooms: Largest Seating Capacity	In the main library, the number of auditorium style seats that can be accommodated in the <u>largest meeting room</u> , or the capacity as determined by the Fire or Building Inspector.
Meeting Rooms: Number of	Total number of room(s) in the main or branch library where two or more members of the public may meet after reserving the space with library staff. This includes conference rooms, auditoriums, general program rooms and rooms where ESL and literacy training takes place. Excluded are rooms dedicated to such activities as computer training labs and quiet and/or group study rooms. Also excluded are areas that are normally public service areas, such as reference, children's and local history rooms and meeting rooms in the branches.

Column Heading	Definition
Meeting Rooms: Times Used in FY2005	Total number of meetings, during FY2005, of two or more people in all the main or branch library's meeting room(s) after a reservation has been made. Includes all meetings except library staff meetings. Please note, some libraries without meeting rooms frequently provide space in their public areas for community groups to meet, for example, in the reference area, periodicals room or reading room; those uses are not counted here.
Quiet Study Rooms: Number of	Total number of rooms in the main or branch library. A quiet study room is a small room made available to an individual or very small group for quiet study. A Quiet Study Room is usually available by reservation or 1 st come/1 st serve, typically has a window in the door for security and is most frequently found in newer library buildings. A quiet study room is self-contained and therefore different from a designated, open quiet Browsing Area or Reading Room. Quiet study rooms include tiny rooms that seat 1 or 2 people and a computer; however, if such a space does not have a door it is not a quiet study room.
Rest Rooms: Available to the Public	The number of rest rooms that are available to the public.
Rest Rooms: Staff Only	The number of restrooms that are available only to the staff.
Seating Capacity	In the main library, the number of seats provided for public use including general reading area seats, lounge seats, group study seats, audio-visual area seats or other seating when available on an open basis. Seats at computer or CD-ROM workstations, microform readers and other 'nonstudy' seats should not be counted in the total, nor should seats in rooms such as auditoriums and general meeting rooms not normally open at all times to library patrons.
Separate Reference and Circulation Desks	The main library has separate reference and circulation desks.
Separate Childrens' Circulation Desk	The main library has a separate childrens' circulation desk.
Separate Young Adult Room or Area	The main library has a separate childrens' room or area.

Massachusetts Public Library Data Reports

- **Children's Services, xxxx Data** (available in February)
Selected statistics related to children's services including staffing, programming, holdings and circulation.
- **Circulation and Holdings Report, FYxxxx** (available in January)
Various public library circulation and holdings raw data. Also includes circulation per FTE, per hour open and per capita and holdings per capita data.
- **Education & Staffing Report, 7-1-xxxx** (available in January)
Public library staffing levels and distribution of the staff's highest educational level. Staffing level data includes: total full-time equivalencies (FTE), number full time and part time, and FTE for MLS, librarian, children's librarian and non-custodian positions as well as total hours open per non-custodian FTE. Director's education level and length of work week are displayed.
- **Electronic Services, FYxxxx Data** (available in May)
Selected statistics related to electronic services including: web page hits, uses of electronic resources, electronic subscriptions and materials in electronic format.
- **Featured Reports, FYxxxx Data** (available in the spring)
Reports on changing topics present public library data not displayed in other reports.
- **Financial Statistics Report, FYxxxx Data** (available in February)
Raw and per capita figures for each reporting public library's (including branches) total municipal appropriation, operating income, and salary, materials, other and total operating expenditures. Also included are percent of total operating expenditures spent for salaries, materials and other expenditures.
- **The FYxxxx Municipal Pie...What's Your Share?** (available in January)
Relates the amount expended from the general fund by each city and town on public library service, to the amount expended to operate the entire municipality.
- **Public Library Outlets, FYxxxx Data** (available in May)
Selected statistics relating to public library outlets including: staffing, holdings and circulation.
- **Rankings Report, xxxx Data** (available in March)
Each municipality's rank within its population group and within the entire state based on its library's per capita values for certain income and expenditure data. For services, the indicators are: FTE per 10,000 population, MLS FTE per 10,000, hours open per week, direct and total circulation per capita and holdings per capita.
- **Salaries Report, 7-1-xxxx** (available in January)
Hourly minimum and maximum salaries for up to 17 public library position classifications from Library Director to Custodian. Annual salary for the Library Director is also displayed.
